EVALUATION

Evaluation will be done through an end-of-task Evaluation Form, a Module assessment Form, a wall survey and oral assessment with previously-set criteria. These will combine self, peer and group evaluation with T's comments. Both the process and the outcomes will be evaluated.

SUGGESTIONS

Using movement is an important part of the process and so is scanning authentic texts for factual information. It is a good idea to start this module when Ls are familiar with these. Also, an ability to co-operate and being able to work in different set-ups are essential for the success of the module.

PROCEDURE

LESSON 1: THEME PARK MEMORIES

AIMS OF THE LESSON

- To arouse interest in the topic
- To share experience about the topic
- To activate and teach vocabulary for describing rides
- To scan an authentic text for specific, factual information
- To use information gained through reading

MATERIALS AND RESOURCES

Pictures of famous theme parks, 1.5 poster-size map of Chessington World of Adventure, 1.5 Task sheet, 1.5 Reading text, soft background music, roll paper like wall paper or wrapping / flipchart paper, markers

STAGE 1

Leading into theme – Great theme parks

TIME

Speaking: sharing experience

ORGANISATION

Whole class

AIDS AND MATERIALS

1.1 Pictures of famous theme parks

TEACHER'S ACTIVITIES

- 1 Optionally, before the lesson find 4-5 pictures of different theme parks. E.g. Fővárosi Vidámpark (Budapest), Chessington World of Adventure (UK), Drayton Manor (UK), Prater (Vienna), Disney Land (USA), Euro Disney (France). Put these on the wall/board and elicit/teach the word "*theme park*" or "*amusement park*". If you do not have pictures, only use names of famous theme parks and movements for elicitation.

LEARNERS' ACTIVITIES

TEACHER'S ACTIVITIES

- 2 T initiates a chat asking questions like *"Do you like theme parks?"*,
"Which parks are these in the pictures?" *"Have you been to any?"*
"What other theme parks have you been to?", etc.
- 3 T encourages Ls to share experience and ask each other questions.
T also tells the class about his/her experiences regarding theme parks.
- 4 T elicits the word: *"ride"*.

LEARNERS' ACTIVITIES

- 2 Ls look at the pictures and share their experience regarding theme parks.

STAGE 2	Visualisation – When I was in a theme park
TIME	5 mins
SKILLS AND COMPETENCIES IN FOCUS	Listening
ORGANISATION	Whole class
AIDS AND MATERIALS	Soft background music

TEACHER'S ACTIVITIES

- 1 T puts on some soft background music and asks Ls to relax on their chairs, put everything down, have both their feet on the ground and close their eyes if they feel comfortable with it.
- 2 T tells Ls that they will go back to a nice day they spent at a theme park and asks guiding questions like: *"How old are you? What day is it? Is it a Sunday? Is it a birthday? What is the weather like? Sunny? Cold? Hot? Who are you with? Are your parents there? Is a friend with you? Can you hear them? Now you are walking towards your favourite ride.... You are there. You get on it and...! What is happening on the ride? What can you feel? What can you see? What can you hear?... Now, when you are ready, come back to the room and open your eyes."*
- 3 Should you find out in 1.1 that some Ls have never been to a theme park, you can give them the option of imagining being in a theme park they would like to go to.

LEARNERS' ACTIVITIES

- 2 Ls sit in a relaxed position with their eyes shut if they like and mentally follow the T's guiding questions.

STAGE 3	Presentation – Drawing-doing movements
TIME	20 mins
SKILLS AND COMPETENCIES IN FOCUS	Speaking: sharing experience Vocabulary: words needed to describe rides Compensation strategies
ORGANISATION	Whole class
AIDS AND MATERIALS	Roll paper like wall paper or wrapping / flipchart paper, markers

TEACHER'S ACTIVITIES

- 1 T spreads paper all along the class and asks Ls to sit / squat at either side of the paper. The paper should be one piece and it needs to be long enough for each S to sit / squat at one of the two sides of the paper. The best and easiest thing to do is to use some kind of roll paper, like wall paper. If this is not available, before class T needs to glue some wrapping or flipchart paper together.
- 2 T gives each s a marker and asks them to draw the movements of their favourite ride. T demonstrates this by drawing their favourite ride. (S)he uses only simple lines to represent movements like up, down, left right, high up, fast down, around, splash, etc.
- 3 When Ls finished drawing, T asks them to take turns in explaining their favourite ride. T models this using his/her ride and drawing. When modelling, T uses movements to explain the ride and encourages Ls to repeat words and copy movements.
- 4 As Ls are describing their rides, T uses this opportunity to elicit/present as many items of the vocabulary needed later to talk about rides as naturally come up during the chat. These may be: *roller coaster, ship, ferris / big wheel, flume, water ride, splash, laser firing, gun, thrilling, high, height, fast, speed, quick, spin, go round, swing, go up and down, go back and forth, move left and right, go round bends*. All the way through, T encourages Ls to repeat words and copy movements.
- 5 T asks Ls to put words as they come up next to their drawings.
- 6 T puts the poster of drawings and words on the wall and leaves it there all through the rest of the module. It can be added to as the module progresses.

LEARNERS' ACTIVITIES

- 3 Ls talk about their favourite rides using body language to compensate for words they do not know.
- 4 Ls help each other with words and repeat words that are new to them and copy movements.
- 5 Ls write key words next to their drawings.

STAGE 4	Practice – Mime Ride
TIME	10 mins
SKILLS AND COMPETENCIES IN FOCUS	Compensation strategies: miming Describing movements happening now Presentation skills
ORGANISATION	Groups

TEACHER'S ACTIVITIES

- 1 T says that (s)he will mime the movements of a ride and the Ls will have to say what is happening on the ride.
- 2 T mimes a ride and helps Ls to come up with the language that can describe it.
- 3 T tells the class that now they can invent a ride in small groups of about 4. They need to mime it in their groups to the class, who will "dub" it i.e. they will say what happens in the ride, what movements it makes and what kind of ride it seems to be.
- 4 T monitors and helps.
- 5 T facilitates presentation of rides and encourages celebrations.

LEARNERS' ACTIVITIES

- 3 Ls decide in their groups about the movements of their ride and rehearse how to mime them.
- 5 Ls watch other groups' miming and "dub" them i.e. they say what happens in the ride, what movements it makes and what kind of ride it seems to be.
Possible language use:
"It starts very slowly, it is going higher and higher, it is faster and faster, it is going around bends now, left and right, left and right, it is going really fast down now. Splash! You all are wet! So it is a water ride! Etc."
Ls express their excitement about rides and celebrate presenters.

1. T asks Ls to be in six small groups. T gives each small group one of the 1.5 Maps of Chessington Theme Park, and invites Ls to look at the maps. (S)he explains that for some lessons, they will spend their time in that theme park, which is the second biggest theme park in the UK and has many exciting rides for older, more experienced adventurers like the Ls.
2. T explains that for their homework, Ls will read about the rides in Chessington World of Adventure using a text from the website of the theme park.
3. T says that this text is about ride ratings and explains what rating of rides means. Using the example of film ratings as a comparison may be helpful.
4. T gives out 1.5 Task sheet and 1.5 Reading text and explains that using the adventure rating of Chessington Park, Ls are supposed to find the answers to the questions in the Task sheet.
5. T asks Ls to read fast and find the answers as fast as possible. T tells Ls to ignore parts of the text that are not needed for answering the questions on the Task sheet.

LEARNERS' ACTIVITIES

1. At school: Ls look at the map and listen to the T's instructions. They ask questions for clarification and take notes as needed.
5. At home: Ls scan the text and answer questions on the Task sheet.

LESSON 2: CHESSINGTON WORLD OF ADVENTURE

AIMS OF THE LESSON

- To revise vocabulary describing rides
- To scan authentic texts for specific factual information
- To make personal choices based on information gained through scanning authentic texts

ORGANISATION

Whole class

TEACHER'S ACTIVITIES

- 1 T organises chairs in ranks of two to imitate typical seating on rides, then asks Ls to sit down keeping one of the chairs in the front empty.
- 2 T explains that Ls will have a chance to go on each other's rides and the person who sits in the chair kept empty will be the leader of the ride. This person is to say what is happening and they'll do the movements simultaneously. Others are to follow.
- 3 T demonstrates the activity by taking Ls on a ride using excited language like this – "We are going up and down very fast, up, down, up, down and here is a tight bend coming. And it's here! To the left, to the right! God! We're going down, down... splash! etc."
- 4 T invites Ls to take turns in leading rides and joins in Ls' rides.

LEARNERS' ACTIVITIES

- 4 Ls take turns in leading rides. Ls listen to the leaders' instructions and do the movements.

VARIATION FOR GROUPS WHERE USING THE LANGUAGE OF DESCRIBING RIDES NEEDS PREPARATION

DESCRIPTION

As above, but after T has demonstrated the activity, (s)he puts Ls into mixed-ability pairs and asks them to get prepared to describe a ride as if being on the ride and mime it at the same time as (s)he has demonstrated. T invites pairs to take turns in leading rides and joins in Ls' rides.

AIDS AND MATERIALS

1.5 Maps of Chessington World of Adventure, 1.5 Task sheet completed, 1.5 Reading text

TEACHER'S ACTIVITIES

- 1 T asks Ls to choose a partner to discuss the reading homework with.
- 2 T asks pairs to compare their answers and justify them by referring to parts of the text.
- 3 T monitors and helps interpretation of text as needed.
- 4 T checks answers and asks for reasons for Ls' answers to questions that proved difficult.
Solution:
1. level one (mini, tiny tots), 2.level three (family), 3. level 4 (you need to be experienced), 4. rides for family groups only (e.g. Dragons Tale Theatre) and rides with height restriction: rides that are for children under the Ls's height (e.g. Tiny Tuckers) rides with maximum height that is shorter than the s's height.(e.g. Dragon's Playhouse), rides with minimum height taller than the s's (e.g. Forbidden Kingdom, if you are shorter than 1.4 m) 5. Can vary, but presumably level 4 since these are for big children and adults.
- 5 T asks Ls to give their answer to the last question and say which level rides they would be the most interested in.

LEARNERS' ACTIVITIES

- 4 Ls first discuss and compare their answers in pairs, then give their answers in class and justify them by referring to parts of the text.

TEACHER'S ACTIVITIES

- 1 T gives out 1.5; 2.3 Maps of Chessington World of Adventure. There are six maps, so Ls will need to share. Small groups of 3 or 4 are preferred.
- 2 T asks Ls to find main locations (themes) of rides as listed in 1.5 Reading text.
- 3 T elicits/explains vocabulary items connected to themes. Possible items: *Pirates Cove, Forbidden Kingdom, Mystic East*

LEARNERS' ACTIVITIES

- 2 Sharing A3 maps, Ls find main locations (themes) like: *Land of Dragons, Transylvania, Pirates Cove, Forbidden Kingdom, Mexicana, Mystic East.*

- 1 Teacher tells Ls that on the website of Chessington World of Adventures, there are Day Planners for different age groups. The oldest is 12+, and that Ls are going to read the planner and find out more about the Park and the rides recommended for their age.
- 2 T gives out 2.4 Task sheet and 2.4 Reading text and asks Ls to do the 1st task on the sheet first and find the rides on the map.
- 3 T checks answers in whole class.

Solution:

Ride	Map colour and number	Ride	Map colour and number

- 2 In small groups, Ls do the first task on the task sheet: they match the rides in the Day Planner with their colour and number in the map.
- 3 Ls check answers with the class.

TEACHER'S ACTIVITIES

- 5 T asks Ls to do the 2nd task on the Task sheet and find the relevant rides for each category.
- 6 T checks the answers with the whole class and asks for reasons of Ls' choices.

Solution:

a. Black Buccaneer, Dragon Falls b. Dragon's Fury, Vampire ride, Rattle Snake, Runaway Minetrain c. Vampire Ride, Black Buccaneer d. Peeking Heights e. Dragon's Fury, Rameses Revenge f. Peeking Heights g. Rattlesnake h. probably all, at least for some time of the ride g. Tomb Blaster

TIME	5 mins
SKILLS AND COMPETENCIES IN FOCUS	Making personal choices based on information gained through reading
ORGANISATION	At school: whole class; at home: individuals
AIDS AND MATERIALS	2.4 Task sheet completed, 2.4 Reading text

TEACHER'S ACTIVITIES

- 1 T tell Ls that their homework is to rank the rides in the Day Planner from the one they would love to be on the most to the one they would not want to be on or would want to be on the least.
- 2 T puts these sentences on the board and asks Ls to copy them:
I want to go on this ride the most.
I want to go on this ride the least.
- 3 T explains that for their homework Ls are supposed to write down the names of the rides in this order of their preference, so they will need to have a personal list of rides in the next lesson.

LEARNERS' ACTIVITIES

- At school:
- 1 Ls listen to the T's instructions and make notes.
 - 2 They write down the two sentences on the board.
- At home:
- 4 Using the Day Planner and the completed 2.4 Task sheet, Ls make a list of rides showing their personal preference for rides.

LESSON 3: WE'RE IN CHESSINGTON!

TEACHER'S ACTIVITIES

- 1 T puts one of the 1.5 Maps of Chessington World of Adventure on the board and puts Ls into max. 5 teams.
- 2 T gives an A3-size map of Chessington to each team and explains the rules:
 - T shouts out the name of a ride. The teams try to find the ride on their maps as fast as possible and when they have found it, one of them can run to the map on the board and show it.
 - The first team to show the ride on the map on the board scores.
 - A team loses a point if one of their members runs before they have found the ride on their map, and consequently the L hesitates or keeps standing in front of the map on the board trying to find the ride.
 - After each ride, a different L is supposed to come up to the map on the board and show the ride.

LEARNERS' ACTIVITIES

- 2 Ls play the game as described opposite.

VARIATION FOR LS WHO NEED MORE TIME TO DO 3.2.B. CONTINUE WITH 3.2.B.

AIDS AND MATERIALS As in 3.2.B

DESCRIPTION T may decide to leave out 3.1, because they think that doing 3.2.B will take longer than 10 minutes. Practically it means that T starts the lesson with 3.2.B, so please find the description of T's activities at 3.2.B.

AIDS AND MATERIALS	Ls' homework as in 2.5, 1.5 Maps of Chessington World of Adventure nincs poszter

TEACHER'S ACTIVITIES

- 1 T puts Ls in 6 groups and gives a 1.5 Maps of Chessington World of Adventure to each group. Small groups of 3-4 are preferred.
- 2 T asks Ls to have their homework ready, but not to tell or let anyone see what their favourite rides are.
- 3 T explains that Ls will have to give directions to their favourite rides from the Guest service/Information in the Market Square. It is shown by a circled i on the map. T asks Ls to find this on their maps.
- 4 T explains that they will take turns in their groups to give directions, and the others in the group will need to follow the directions and say at the end which ride they have arrived at. If a L's most favourite ride has been taken, they need to go down their list and take a less highly ranked ride (the 2nd or the 3rd).
- 5 T demonstrates the activity by giving directions to a ride.
- 6 T demonstrates the activity by giving directions to a ride.

LEARNERS' ACTIVITIES

- 3 Ls follow the T's explanations and directions, then work in 6 small groups. They give each other directions to their favourite rides like this:
*Student A:" Go through the gate with the towers. Go straight on towards Mexicana.
Turn left and go through the next gate. Go straight on. Go past the Forbidden Kingdom and turn left. Go straight on and take the first on your right. Go straight on and you'll see my favourite ride on your left. Which ride is it?"
Other students:" Dragon Falls!"*

TEACHER'S ACTIVITIES

- 1 T puts Ls in 6 groups and gives a 2.3 Map to each group. Small groups of 3-4 are preferred.
- 2 T asks Ls to have their homework ready and compare their ranking within the group and establish the most favoured ride in the group. They are supposed to keep this secret.
- 3 T explains that Ls will have to write directions to the group's most favoured ride from the Guest service/Information in the Market Square. It is shown by a circled i on the map. T asks Ls to find this on their maps.
- 4 T explains that the written directions should not say which rides they are to. Other groups will have to read the directions and guess.
- 5 T demonstrates the activity by giving directions to a ride.
- 6 T monitors and helps as needed.
- 7 When directions are written up, groups swap or directions are circulated among groups.
- 8 Groups guess which rides the directions they have read are to and check it with the group

LEARNERS' ACTIVITIES

- 2 Ls follow the T's explanations and directions, then work in 6 small groups. First they compare their rankings of rides and establish the most favoured ride within the group. They keep this secret.
- 3 Groups write directions to their favourite rides like this:
" Go through the gate with the towers. Go straight on towards Mexicana. Turn left and go through the next gate. Go straight on. Go past the Forbidden Kingdom and turn left. LEARNERS' ACTIVITIES

- 1 Ls walk around in the class and find the 2-3 people whose preferences regarding rides are the most similar to theirs.
Example of possible language use:
"My favourite ride is Dragon's Fury. Which is your favourite one? What is the second ride on your list? We are very different/similar. Etc."
- 3 Ls with the most similar ride preferences sit together in groups of 3-4.

TIME	20 mins
SKILLS AND COMPETENCIES IN FOCUS	Speaking: planning, agreeing, disagreeing Writing: putting down factual information
ORGANISATION	Groups
AIDS AND MATERIALS	3.4 Task sheet, 3.4 Evaluation form

TEACHER'S ACTIVITIES

- 1 T gives out 3.4 Task sheet and helps Ls to interpret the scenario and the task described in the task sheet as needed.
- 2 T elicits, teaches and collects useful phrases on the board. These may include phrases for making suggestions, asking for suggestions, agreeing, disagreeing.
- 3 T monitors and helps.
- 4 After groups arrive at the car park, T gives them 3.4 Evaluation form and asks them to answer the questions in their groups.
Note: If there is too little time left, T can give filling in the evaluation form as homework, in which case Ls will need some time to discuss at the beginning of the next lesson.

LEARNERS' ACTIVITIES
